## Performance Metrics

### Explanations for Performance Metrics:

- **Work Percentage (%)**: The percentage of full-time work assigned. 100% is full-time.
- **Planning Time (hrs)**: Unassigned time (30 min or more) for lesson-related tasks. Not contractually required but included for reference.
- **No. Frametime Issues**: Number of issues with frametime scheduling.
- **No. Lesson Gap Issues**: Number of issues with lesson gaps where the 5-min minimum buffer is not met.
- **Weekly Break Time (hrs)**: Total break time scheduled during the week.
- **General Work Time (hrs)**: Time for non-teaching tasks like duties, meetings or mentoring.
- **Contracted Teaching Time (hrs)**: Maximum teaching hours allowed by the agreement, based on your work percentage.
- **Assigned Teaching Time (hrs)**: Actual teaching hours assigned; should not exceed the contract.
- **Contracted Frametime (hrs)**: Maximum total working hours (teaching + other tasks) allowed by the agreement.
- **Assigned Frametime (hrs)**: Actual scheduled hours; should not exceed the contracted frametime.
- **Teaching Time Overage (hrs)**: Difference between assigned and contracted teaching hours. Negative means fewer hours than required.
- **Frametime Overage (hrs)**: Difference between assigned and contracted total hours. Negative means fewer hours than required.
- **Total Overtime (hrs)**: Combined difference for teaching and total hours. Negative means fewer hours worked than required.
